

Hello Current and Future Waukesha South Families,

We are getting closer to my favorite time of year: the beginning of school. Our registration week is coming up soon beginning with Freshman on August 18 and continuing with different classes throughout the week. Every day of registration will begin at 4:30 pm and end at 7:30 pm. Registration will include iPad pick up, registering for Infinite Campus, paying forms and fees as well as many other opportunities.

A few things to note before coming to registration. Please know that a parent and student **MUST** be present in order to pick up their iPad for the school year. Please do not send your child on his/her own as he/she will not be able to pick it up without a parent or guardian present. Secondly, having a working AppleID and password is of utmost importance before coming to registration. Current 10th, 11th, and 12th graders created these at school last year and need to find their ID and password before coming. Incoming 9th graders and anyone else new to South HS will need to create one before coming. Directions on how to create an Apple ID without using a credit card can be found via a link on the 2nd page, 1st paragraph of our Blackshirt Spotlight. Please know that students and families coming to registration without a working Apple ID and password will have to create one here which has taken a much longer time at other sites rolling out iPads than those families who come prepared with an AppleID and password.

Lastly, please know that because we changed Student Information Systems this year from Zangle to Infinite Campus, we have had to work out some kinks in order to make it Waukesha South ready. Because of this, **we will not be able to provide students and families with their schedules for this school year at registration.** We still have some work to do and did not feel it was appropriate to hand our students schedules that may not work, or may not be completely ready. Instead, we are attempting to have schedules ready the following week which will be posted to Infinite Campus (which you will sign up for at registration). This will not only help your child know exactly what classes they have, but also your fee payments of those classes will be much more accurate. At this time, we are asking that families pay their registration(\$90) and their technology fee (\$25) at registration, and we will attach course fees once the school year has begun and communicate to families when they have been assigned so they can be paid. I thank you in advance for your patience with this new system. While I am confident it will be better than our old system, getting acclimated to the new system will come with some “bumps in the road.”

Lots of important information, so hopefully you feel more informed. Enjoy the rest of your summer, and I look forward to seeing all of you next week!
